

K-Love radio stations (translator service 89.9, 96.3 and 104.3) are very important to me and my community. Without K-Love I would not have access to positive, Christian programming. If the FCC gives preference to the LPFM, I will not have access to the broader community of Christian programming on the national level. I beleive the service provided by K-Love is in the public interest because it is able to serve a wide variety of communities for relatively low programming cost.
